

PHONE: 406-404-6815

About Us: University Elite is dedicated to helping the patient understand “the why” behind their symptoms. Then the patient and doctors collaborate to treat the cause of the the symptoms.

Psychology

More Than Medicating Symptoms

Achieving true symptom relief requires resolution of the cause. Instead of simply medicating the symptoms, UniversityElite takes the time to understand the patient’s neurobiology, psychodynamics, medical issues, environment, etc. We then treat the cause of the symptoms.

Accepting New Patients

University Elite is accepting new patients in their telepsychiatry clinic.

They are accepting a variety of patients. Please see doctor profiles for the ages they are accepting.

More information at:
Universityelite.com

Options For Treatment

University Elite offers the option of providing all mental health care or we can perform a consult and make recommendations for the primary care provider.

MENTAL HEALTH

Psychiatry

**BECOME SO HEALTHY
YOU NO LONGER NEED US**

www.universityelite.com

SAME PHARMACY

If medications are part of your treatment, we will call in your medications to the pharmacy of your choice.

University Elite Is Fee-For-Service

University Elite does NOT accept or contract with any insurance provider. A receipt or “super-bill” can be provided to the patient so they can file an “out of network” claim with their insurance company.

Payment is required to reserve an appointment with the doctor.

Increasing Convenience

University Elite is treatment via video. No more need to travel, find parking, or even leave your home. As long as you have internet, a phone, tablet, computer and a private place, you are ready for care.

“I have been getting treatment for over 10 years but after 2 hours with you, I finally understand PTSD and what is going on in my brain”
- 28 year old female with PTSD

How To Self-Refer For Care:

1 Go to universityelite.com

Universityelite.com is where the patient will find all the necessary information to self-refer and manage their own appointments.

2 Enter info in the **RED BOX**

On the University Elite homepage, you will find a red “begin registration” box. This is the first step to ensure you are eligible to receive care from University Elite.

3 Accept Terms & Conditions

After agreeing to the terms and conditions, you can register for a username and password.

4 Check confirmation email

A confirmation email will be sent to the address you entered. Click the link in this email to complete the registration process. Your User name and Password will now be active.

5 Schedule an appointment

Go to “schedule a session” at the top of the homepage. Login. Schedule your first appointment in the blue scheduling box on the right.

6 Complete the intake form

Click the link in the confirmation email for the “intake form”.
Complete this form at least 24 hours prior to your first appointment.
